Our Cities, Our Department, Our Mission, Our Motto, and Our Values.

The Cities of Lexington, Circle Pines, and Centerville are suburban communities that are part of a metropolitan area that is conveniently located just north of Minneapolis/St. Paul. The quality of life for our citizens is exceptional. Our community offers affordable housing, a variety of recreational and open space opportunities, convenient shopping, as well as very responsive municipal services.

There are excellent educational opportunities available to our residents through the Centennial School District and numerous quality colleges and universities within easy commuting distance. Our community affords the serenity, safety, and stability of small-town living yet we are close to the amenities of the big city.

In most satisfaction surveys our resident's rate their overall quality of life as "excellent" or "very good". Citizens feel safe in their homes, neighborhoods, parks, and schools. They are also appreciative of the high level of local safety services.

Our three Cities have combined resources to create the Centennial Lakes Police Department, a unique joint governance law enforcement agency. We are comprised of 22 highly professional sworn and civilian personnel who are dedicated to delivering quality safety service to our citizens.

Local fire protection and suppression service is provided by the Centennial Fire District and the Lexington Fire Department. These agencies combine with the Centennial Lakes Police Department, the Allina and North Ambulance services to provide an excellent emergency medical rapid response system.

Our police department responds to all calls for service, enforces criminal and traffic laws, provides deterrent patrol, engages in proactive policing and problem-solving measures, and fosters positive interactions with our citizens.

It is the Mission of the Centennial Lakes Police Department to enhance the quality of life for those living in our three Cities by providing highly professional and responsive safety service.

We are dedicated to carrying out our Mission with pride and professionalism. We value quality and integrity in police work and we are committed to continued safety and stability of our three Cities. We are also committed to organizational excellence and to fulfilling our Motto of "Serving with Courage and Compassion".

Chief James Coan

It is my honor to present our 2018 Annual Report. While it is my privilege to author this introductory page, the credit for the content of this document really belongs to the dedicated men and women who comprise the Centennial Lakes Police Department.

A low crime rate, public confidence in our ability and integrity, sound policing operations, policies and practices in accord with national standards, and quality personnel at all levels of the organization are just a few of our noteworthy accomplishments.

Much of our success is a reflection of how we are staffed, trained, and managed. Our philosophy of policing and our adherence to certain fundamentals of organizational development have been additional keys to our success, i.e. if you hire the right people; provide them with the right training, right equipment, the right policies, and the right leadership; then the right things will happen.

In the year ahead, we will further our professional growth and development; adhere to the fundamentals of policing and organizational management; maintain close partnerships with our citizens, our schools, and with other local law enforcement agencies; and we will continue to render the same high level of safety service that our citizens have come to expect. We will strive for excellence and continue to work hard to ensure the safety and stability of the Cities of Circle Pines, Lexington, and Centerville.

None of what we accomplish could be achieved without the dedication and effort put forth by so many in our Department. As individuals and as a law enforcement agency we have the capacity to meet virtually any challenge.

In conclusion, I wish to thank all of our personnel, our Governing Board, Mayors, City Administrators, and our citizens for their continued support and cooperation. I believe that the future of the Centennial Lakes Police Department remains very bright and that together we stand ready to meet the challenges of a new year.

James R. Coan

Chief of Police

Department History

In the late **1940's**, Herman Heath became the first day-time Constable for Circle Pines. City Councilmen took turns providing policing duty at night. After formation of the village, a "one-man" police department was formed. The Village of Circle Pines acquired an ambulance/squad car to patrol and to transport injured or ill residents the many miles to the nearest hospital.

In **1954**, Joseph Matzke became the first Lexington police officer. Officer Matzke was paid \$10 per month to cover gas and other expenses, plus he received a portion of the fines assessed for infractions of ordinance.

As early as **1965**, a joint police force was discussed between Lexington and Circle Pines. It wasn't until **1975** that a joint powers agreement was adopted by the two cities creating a combined police department. The police department was governed by a commission, rather than directly by the two city councils. Ronald Nicholas became the first Chief of the Circle Pines-Lexington Police Department.

The department, consisting of four officers, was first housed in a portioned-off corner of the Circle Pines "fire barn". Part-time officers were later added to extend coverage. All officers shared one police patrol car, a **1973** Plymouth inherited from the City of Lexington.

In **1978**, the police department moved from the fire barn to an office in the shopping area of 9201 Lexington Avenue. In June of **1986**, the department moved again, this time into the lower level of the new Circle Pines City Hall.

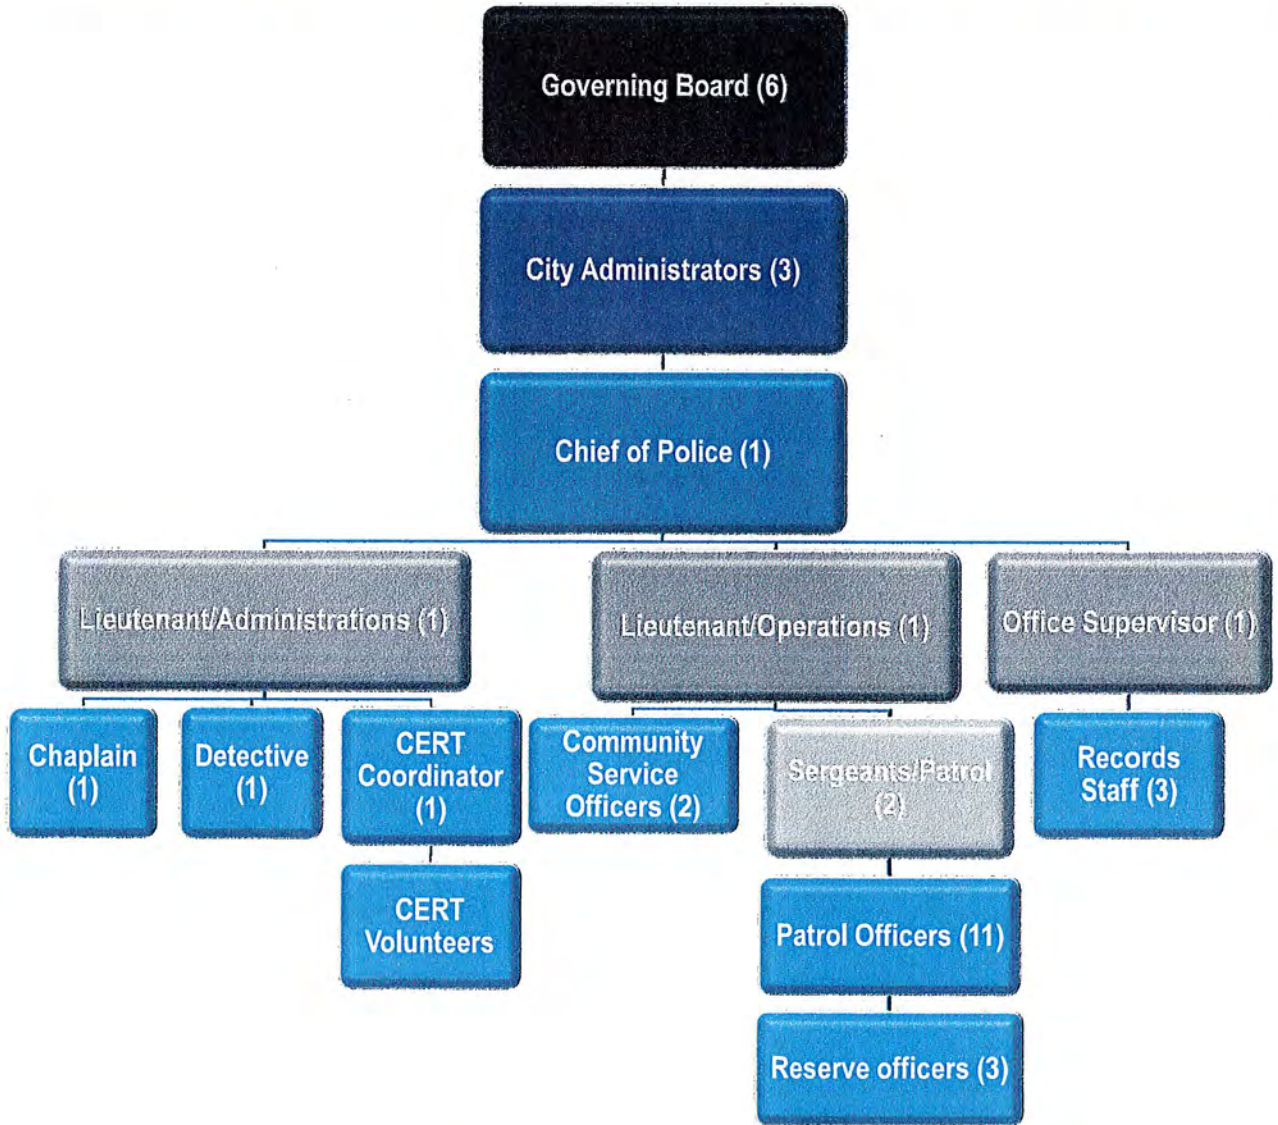

In **1991**, the Circle Pines-Lexington Police Department began providing contracted police protection to Centerville. In December of **1999**, a Joint Powers Agreement was completed, and on January 1, **2000**, a tri-city "Centennial Lakes Police Department" was formed to provide law enforcement and safety services to the cities of Lexington, Circle Pines, and Centerville.

In **2006**, a new police station was built on the corner of North Road and Lake Drive in Circle Pines. Today the Centennial Lakes Police Department is comprised of 17 sworn officers and 6 civilians who are fully dedicated to providing quality service to our three cities. Exceptional personnel, a low crime rate, public confidence in our ability and integrity, policies and practices in accord with national standards, and innovative problem-solving and outreach programs are just a few of our noteworthy accomplishments.

We take great pride in our entire community, our department, and in our commitment to protect and serve the citizens of the cities of Lexington, Circle Pines, and Centerville.

The Cities We Serve **CENTERVILLE**

The **City of Centerville** is located in eastern Anoka County approximately 13 miles north of St. Paul. Centerville's population of nearly 4,000 people encompasses an area of 2.4 square miles.

Centerville and Peltier Lakes provide the area with recreational opportunities for fishing and boating. Centerville is also the entrance for the Rice Creek Chain of Lakes County Park and Trail System. The park includes a beach, a boat launch, a large campground, a walking/biking trail, a playground, and facilities for family events and civic functions. The entire park is a popular destination for outdoor sports enthusiasts and families seeking a rural-like refuge from the big city.

Centerville is a growing community with a business park and land available for future residential and retail development. The City is home to St. Genevieve's Church and nearby Eagle Brook Church. The close-knit community hosts a number of very popular civic events throughout the year including fishing tournaments, running and bicycle races, ski shows, and the Fete des Lacs summer festival and parade.

The Cities We Serve **CIRCLE PINES**

The **City of Circle Pines** is located 15 miles north of Minneapolis and borders the Cities of Blaine, Lino Lakes, Shoreview, and Lexington. Circle Pines is a predominately residential community of over 5,000 people. The 2 square miles of land area is fully developed. Lake Drive is a major thoroughfare through the City providing direct access to area freeways.

Circle Pines is the only suburban city that operates its own natural gas distribution company – a result of its cooperative history. The system serves all of Circle Pines and portions of the Cities of Blaine and Lino Lakes. Circle Pines also provides its own water and sewer utilities to its residents.

Circle Pines is a great place to live, raise a family, do business, or just visit. In 2011 the City of Circle Pines was named by CNBC as the "3rd Most Perfect Suburb in the United States". The local Centennial School District is highly regarded in the State of Minnesota providing area students with award winning academic and athletic programs and facilities.

Circle Pines is a vibrant community with a diverse housing stock. A small but successful business community supports its primarily residential base. The City is home to a County branch library, area post office, many parks and open spaces, walking paths, several lakes, and a variety of recreational facilities. The City of Circle Pines boasts a comprehensive municipal service center and is dedicated to livability through quality services.

The Cities We Serve **LEXINGTON**

Located in the southeastern corner of Anoka County the **City of Lexington** is a small suburban community of just over 2,000 residents. The very proud and tight-knit community is adjacent to the I-35W freeway providing easy access to virtually anywhere in the Minneapolis/St. Paul metropolitan area.

Lexington is host to a variety of businesses, retail shops, restaurants, and several very popular entertainment venues. The Northway Shopping Center located along the central corridor of Lake Drive includes a grocery store that provides goods and services to a much larger area population base.

Lexington Memorial Park is a popular venue for summer little league teams from throughout the region. Residents enjoy a variety of other recreational amenities associated with this very large park complex.

The City of Lexington was incorporated as a village in 1950. Leo Ryan was a local civic leader who was instrumental in organizing the petition for the new village. Ryan suggested that the village be named Lexington in honor of his old army unit, the First Pioneer Infantry Regiment which was formed at the beginning of the Revolutionary War. That unit met the British in the Battle of Lexington.

Various City themes and names now revolve around the Revolutionary War and Battle of Lexington, including the City's Minuteman logo and many street names including Patriot Lane, Liberty Lane, and Minutemen Lane. The citizens of the City of Lexington are very proud of their history, heritage, and home town.

Criminal Investigations Unit

The investigations unit of the police department continues to be a proactive resource for the citizens in Circle Pines, Lexington, and Centerville. In 2018, the **investigations unit** reviewed hundreds of reports that were submitted by patrol officers, Anoka County Child Protection, Minnesota Adult Abuse Reporting Center, along with information obtained from citizens and confidential informants during the course of their work.

Our investigations unit relies on body worn camera footage resulting in prompt, and successful resolution of cases. Other duties of our investigation's unit include reviewing gun permit applications, conducting employment background investigations, managing digital evidence, and preparing and serving search warrants.

Detective Dennis Spreng

Support Services Bureau

The Records/Clerical **Support Services Bureau** provides essential assistance to Centennial Lakes officers, administration, other criminal justice agencies and the citizens of Centerville, Circle Pines, and Lexington. The members of the Records/Clerical Support team take great pride in providing excellent customer service while offering assistance with accurate crime data information.

Police Record Technicians are responsible for all aspects of document control, to include copying, distribution, data entry and filing of police reports, records, and citations. In addition to maintaining police records, the support staff responds to various inquiries by phone, walk-in, email and direct mail from the public and other criminal justice agencies.

Community Service Officers

Our **Community Service Officers** (CSOs) engage in a wide variety of para-professional support duties, including investigating civil complaints and enforcing city ordinance code violations. The CSO's goal is to gain voluntary compliance with property maintenance ordinances in all three of our Cities.

The Community Service Officers also patrol our parks, respond to medical emergencies, conduct animal control duties, support the clerical staff, collect and transport abandoned property, and assist with traffic control at special events and accident scenes.

They play an integral role in supporting and assisting our sworn officers and in maintaining the quality of life enjoyed by our citizens.

Police Chaplain

As a **Centennial Lakes Police Department chaplain**, I provide comfort, consolation and understanding, spiritual and practical advice to persons confronted with a traumatic crisis or death as a result of an accident, suicide, homicide or other traumatic event. Victims and survivors are given appropriate information to put them in contact with agencies or organizations to assist and support them further after my presence with them is no longer needed.

Additionally, I provide spiritual and practical guidance, counsel, advice and support to all members (sworn and civilian) of the department and to their families when requested or in time of need.

Nine times during the year a chaplain was requested to a residence or scene for assistance. Three of those requests were handled by the Centennial and Lexington Fire Chaplain as I was unavailable.

Throughout the year, many hours were spent meeting with officers and staff at the department, in my home, or at a neutral location of their choosing. Always remembering to pray for them, I thank God for each one of them and their service, while asking for continued wisdom in their decisions, guidance and protection, strength and knowledge as they faithfully serve our communities.

Upon completion of their field training and after they have had opportunities to become comfortable on their patrol shift, I ask each new officer if I can ride along with them to get to know them better. Three officers allowed me that privilege this past year for which I was most grateful.

In November we sadly had to say goodbye to one of our recently retired clerical workers who passed away suddenly. Nancy Noren served with the department for 18 years and became a dear friend with all. I was honored to have had a part in her memorial service which was attended by many current and former officers, community service officers, and department clerical staff and community members.

The year ended with a holiday social gathering where stories were shared, and all were able to relax and unwind while getting to know one another better. A short remembrance of Nancy was spoken, and I was pleased to offer a prayer for the department, the officers and staff and communities we serve.

Respectfully,
Chaplain Joel Heckman

Community Emergency Response Team

CERT Coordinator
Michelle Lakso

CERT (**Community Emergency Response Team**) is a well-trained and highly motivated group of volunteers available to assist the police and other emergency responders in the event of an emergency. CERT lessens the burden on first responders and provides valuable assistance to community members who might otherwise have to wait longer for services.

CERT members give generously of their time with little notice and no financial remuneration. They maintain a state of readiness and are always ready to respond and assist when needed. The team members are a strong asset to the community's emergency management capabilities. Having this amazing group of people with the ability to respond to an event impacting their community at a moment's notice is the basis for an effective community disaster response.

Reserve Officer Unit

The Centennial Lakes **Reserve Officer Unit** is comprised of community members who volunteer their time to fulfill several roles around the Police Department. The Centennial Lakes Police Department is proud to have Reserve Officers willing to get involved for the better of their community.

Reserve Officers are uniformed and look similar to a sworn Police Officer. Police Reserves perform volunteer services and assist full-time officers protecting and serving our communities of Circle Pines, Centerville, and Lexington. Tasks performed are those permitted by law and authorized by the Police Chief including patrolling neighborhoods and parks, controlling traffic and crowds at crashes and events, assisting officers with inventory of impounded vehicles, and securing crime scenes.

Each Reserve Officer must successfully pass the Anoka County Reserve Training Academy as well as the department Field Training program. This training includes legal issues, radio usage, use of force, traffic control, and first aid.

In 2018, the Reserve Unit volunteered 471 hours of their time to the department. Twenty former Reserve Officers have gone on to careers in law enforcement. Some have remained with Centennial Lakes while others have been employed with other state, county, and local departments."

Emergency Medical Response

Each year officers of the Centennial Lakes Police Department respond to well over 400 medical emergencies across our three Cities. Calls for help can range from a simple nose bleed to a cardiac arrest.

All CLPD Officers are either certified **Emergency Medical Responders** or Emergency Medical Technicians (EMTs). In addition, we carry in our patrol vehicles a wide array of life-saving equipment including automatic external defibrillators (AEDs), Narcan (anti-opioid overdose kits), oxygen, tourniquets, airways, and the revolutionary ResQPUMP System to assist in delivering chest compressions during CPR.

In most cases our officers are the first to arrive on the scene of a medical emergency and are able to stabilize a situation until Fire/Rescue and/or an Ambulance Paramedic Unit arrives. CLPD Officers are the first essential link in the chain of critical care for victims of injuries or illnesses.

Anything can happen to anyone at any time! Fortunately, we are generally positioned to respond quickly when minutes can make the difference between life and death or at least minimizing the long-term adverse impacts of a medical situation. Early response and intervention have been shown to have a critical impact in a variety of medical emergencies.

Our officers have delivered medical aid and equipment that has saved lives and improved the prospects of a full recovery for countless victims of medical emergencies. We find that it is very reassuring to our citizens to know that we are trained, equipped, and readily available to respond to any and all emergency medical situations.

Many of our officers have been honored with life-saving awards and medals for everything from resuscitating the victims of heart attacks, to bringing back the victims of drug overdoses, to delivering babies. Even the victims of less critical situations can be made to feel reassured and comforted by the presence of a Police Officer/Medical First Responder.

During 2018, Multiple Officers received lifesaving awards for their work on medical calls. Officers saved lives through Narcan administration as well as through CPR and rescue breathing on cardiac emergencies.

We are very proud to be an important component of our local emergency medical response system and of the partnership that we have established with other area EMS providers including our local Fire Departments and Ambulance Services. It is an exceptionally high level of partnership and service that assures our citizens of the very best in critical emergency medical response and care. It is also one more important way in which we are serving and protecting the citizens of our three Cities.

Training

Centennial Lakes Police Officers are constantly **training** throughout each year. This training includes use of force, firearms/active shooter, and emergency vehicle operations. Through our Daily Training Program, officers revisit department policy, watch videos, conduct real-life scenarios, and discuss current events. We also work with the Centennial Fire District to achieve our required emergency medical training.

Social Media

Unless they have reason to call the police, many of our community members rarely have cause to meet or talk with a police officer. Most of our community members don't know what it is like to be a police officer or what CLPD officers do in our small community on a daily basis. Our **social media** efforts have helped us reach out to our community in ways that were not possible in the past. Every week we reach thousands of people with our posts, stories, pictures, and public safety messages. These efforts have allowed our community to see and understand what we do like never before.

Over the last 3 years, we have grown our Facebook following from about 600 followers to 4,731 followers at the time of this report. Many of those who follow our Facebook page live or work in our community, and we regularly hear from citizens about how much they enjoy and appreciate the page. In the beginning of 2018, we set a goal to expand our social media reach by starting an Instagram page. In 2018 we built that page from scratch to more than 1,000 followers at the time of this report.

Our social media work lets us "roll down the window" of our squad and let people see what it truly means to be a police officer at CLPD. We share photos of our beautiful community. We share stories of great police work by our staff. We talk openly and honestly about the struggles that we face as a community and our emotions as we deal with the trials and tribulations of police work. We pass on important public safety information and crime alerts. We also share information on in-progress incidents when necessary and tell our success stories.

Our social media team includes Lt. Russ Blanck, Sgt. Bill Jacobson, Officer BJ Stepan, Officer Katy Mannin, and Office Supervisor Kathy Honkomp. This team consists of staff from all three shifts, which helps us tell stories from patrol and pass on critical public safety information at the push of a button on an almost around-the-clock basis.

We are very proud of our social media program. Search Centennial Lakes Police Department on Facebook or Instagram to follow CLPD.

Prescription Drug Drop-Off Program

The Centennial Lakes Police Department is one of many sites where unused prescription medication can be dropped off as part of the **"Prescription Drug Drop-Off Program."** This gives community members the opportunity to bring in unwanted or expired prescription medications to be disposed of in a way which is safer for the environment.

This program has been a huge success. The drop off station in our foyer was emptied several times throughout 2018. Several hundred pounds of medications were collected and destroyed.

Community Engagement

Members of the Centennial Lakes Police Department have the good fortune to participate in many community outreach events, ranging from Night to Unite, preschool visits, parades, children's safety talks, and many more.

A word cloud graphic with "Courage" and "Compassion" as the largest words. Other prominent words include "Community", "Empathy", "Mindfulness", "Pride", "CLPD", "Resolute", "Gratitude", "Humility", "Peace", "Brotherhood", "Commitment", "Family", "Sisterhood", "Heroism", "Empathy", "Respect", "Legacy", "Inspirational", "Profound", "Humility", "Unforgettable", "Remembrance", "Grateful", "Closeness", "Closure", "Powerful", "Comfort", "Calling", "Sirens", "Respect", "Heroic", "Acknowledgment", "Proud", "Creation", "Unforgettable", "Family", "Comfort", "Calling".

RE: Summer Fun Enrichment Program Staff Support

Thank you for the \$2,000 to support staffing costs for the Summer Fun Enrichment Program.

Soon Lexington Memorial Park will be bustling with the sound of area youth and staff spending time together and keeping active. Meals and snacks continue to be a core for the program with an added bonus of weekly snack packs initially provided last summer to support nutrition over the weekend for participating children. Last summer we joined the children together more frequently from the Lexington and Centennial Square sites to build new relationships and opportunities. Collectively the two park sites and the Teen Force programs registered over 100 area children last summer. With the continued support of the City of Lexington and our many other continuing and new supporters Summer Fun is grateful to be offering our 23rd year of programming this coming summer, just think Summer Fun alumni are now adults able to recall this valuable experience offered in their community.

Thank you so much for your continued support.

Sincerely,

Sharon Sculley, Centennial Community Education Coordinator, Summer Fun Committee member
On behalf of Summer Fun Committee

Home Movie Transfers

Home movie transfers have become one of our most popular services. Residents can transfer their family videos themselves for free, or pay NMTV to do it. NMTV can also transfer film, slides, and photos for a fee.

Month	Hours Transferred	Tapes	Film Reels	DVDs	Photos/ Slides	Fees Paid
January	226	64	47	2	702	\$1,305.00
February	302.75	71	91	2	1,277	\$914.00
March	248.75	128	26	38	700	\$906.00
TOTAL:	777.50	263	164	42	2,679	\$3,125.00

Public Usage Stats

For statistical purposes, the public access department documents total numbers of unique individuals and total hours of usage of the facility by the general public, every month. These numbers include regular users, class participants, individuals transferring videos, people who attend events, and any other public usage of the facility. The numbers do not take into account the many members of the public who work with any other NMTV department, such as news, sports, municipal, or educational.

Month	Unique Individuals	Total Usage Hours
January	144	677.5
February	94	606.5
March	76	572.75
TOTAL PUBLIC USAGE:		1,856.75

Production Highlights

NMTV News Highlights

Each week Danika Peterson and Rusty Ray create a news program that highlights events, people, issues, and information important to citizens of our Member Cities. Some March highlights include:

- Spring Lake Park Building Inspector Retires After 35 Years
- Vaping Concerns Prompt Anoka Hennepin Schools to Hold Seminar
- Anoka County Board at Stalemate Over Next Administrator
- Golden Lake Mileage Club
- Streaming for All City Meetings On NMTV
- Blaine Changes How Leaders Can Classify Dangerous Dogs
- Chominix Receives 250K for Upgrades
- Highway 65 Study Seeks Input from North Metro Community
- SBM Firefighters Lead Push for North Metro Training Facility
- Lino Lakes Guns and Hoses Charity Hockey Game

In addition to daily playbacks of North Metro TV News on the cable systems, there are 548 local stories archived for viewers on the NMTV YouTube page. The page can be accessed through the northmetrotv.com website.

Sports Den Winter Finale

The hour long Sports Den Winter Finale went out live on Monday, March 25th. Once again, the studio was filled with student athletes from Blaine, Centennial, and Spring Lake Park High Schools. The programming event included highlights from the hockey, wrestling, gymnastics and basketball seasons and interviews. Groups of student athletes were brought onto the set and asked questions about the past season and their future goals. The students all received a dvd copy of the program to thank them for attending and for being a fan of Sports Den. Replays of the program are playing on the NMTV channels, and it is available On Demand, and on the NMTV Youtube page. Individual interviews and highlights are also posted on Youtube.

New Screenwriting Workshop

Instructor, Eric Houston, began teaching an eight week course on television screenwriting in March. The newly developed workshop is intended to offer something new and challenging to public access producers. Students start by reading an actual screenplay, learning proper formatting, and learning storytelling mechanics. Then, as a team, the students develop a storyline for an original episode of Gilligan's Island. By the end of the workshop series, students will have worked together to create their own, original screenplay. Three of the students have never taken a class with NMTV before, and there is sufficient interest in the class to continue offering it.

Exterior Security System

After several parking lot vandalism events, it was decided that security cameras should be installed around the NMTV facility. Parts of the parking lot are hidden from street view, and it is necessary to park the old production truck in the lot, which has garnered interest from nefarious characters. Ten cameras, covering the entire exterior of the building have been installed. Motion triggers recording, which is stored for three weeks, before the hard-drive begins recording over itself. The system can have additional cameras added, if necessary.

Get Connected With Anoka

County

Municipal Coordinator, Trevor Scholl, is testing a new program for the city channels. It is called Get Connected With Anoka County. The intent of the program is to provide a forum for Cities to keep their residents and businesses informed about events happening in their City. The first episode highlights Lino Lakes.

Miscellaneous Productions

Special Events Coordinator, T.J. Tronson, recorded a Blaine High School Special Education Play in March. Because of copyright issues we are unable to play most performances on the channel, but schools request that we tape their plays and then make the DVD available for parents for purchase. T.J. also recorded the St. Timothy's Church presentation of Overcoming Hatred. The church requested coverage of the presentation and it seemed like it would make great programming for the channel. Finally, T.J. is gearing up for his annual coverage of Arrive Alive. Shooting begins the first week of April, with the main event taking place on April 23rd and 24th.

City Productions

Municipal Producer, Trevor Scholl, has started several major projects that will take some time to complete, including an in-depth piece with the Blaine Police Department regarding training and a new Lino Lakes crime prevention series. He has also initiated a new program called Get Connected With Anoka County. Projects completed include the Guns and Hoses charity event a piece on the Highway 65 project.

- Guns N Hoses Charity Hockey Game
- Golden Lake Mileage Club
- Highway 65 Study
- Get Connected With Anoka County
- Took pictures for Circle Pines website
- Reformatted Blaine videos

New and ongoing projects include:

- Lino Lakes crime prevention skits
- Blaine Police Department training series
- Spring Mayor's Minutes
- Animal Humane Society walk for animals
- Additional episodes of Get Connected with Anoka County
- Ham Lake Senior Center activities
- Chomonix Golf Course Issues

Trevor touches base with contacts on a regular basis and also encourages Cities to contact him whenever they have an idea for a new show.

Video Production

Municipal Producer, Trevor Scholl, completed several productions in March including the annual Guns n Hoses charity hockey game, the Highway 65 Study and the Golden Lake Mileage Club. He continued to work on two major long-form projects, including a project with the Blaine Police Department regarding police training and a Lino Lakes crime prevention series . He also produced the premiere episode of new series called Get Connected With Anoka County. Programs were also produced by T.J. Tronson. Trevor reaches out to City officials and department contacts, every month, regarding potential programming for the channels. City staff and elected officials are encouraged to contact Trevor with any ideas or requests for programming.

- 3.4.19: Discovered Alpha Video only licensed 10 routes to pass through our router, causing one streaming channel to fail. Ordered license upgrade.
- 3.6.19: Emailed Z Systems for regarding remaining transmission gear needs. Need all remaining Makito X encoders & decoders along with Frame Syncs and AJA conversion boxes in order to install remaining systems, with a Makito X transport system to the NMTV head-end.
- 3.6.19: Live stream router was installed and updated. Signal now reaching Tightrope. Tightrope will provide the links for website additions.
- 3.13.19: Live streams go live on website. Note they are not SSL secure. Emailed Bizzyweb.
- 3.15.19: Bizzyweb emails that live stream systems are fully operational.
- 3.18.19: Installed Makito X decoder in master control. Last one needed to get all cities off the Inet.

Master Control

Programming Coordinator, Michele Silvester, along with help from Eric Houston, Tarkor Zehn, and Trevor Scholl, is responsible for processing and scheduling the programming on the City channels. There are three categories of programs that are scheduled on the City channels;

live and replayed meetings, NMTV staff created video content, and informational graphics pages. All categories of programming must be encoded, scheduled, and entered into the Tighrope playback system or entered into the Carousel video files. As each live meeting is being recorded at City Hall, it is routed to the North Metro TV head-end and then sent out over the cable system live. At the same time it is also encoded on a server for future playbacks. The following meetings were processed in March:

23 New Programs		23:04:09 New Hours

Meetings are scheduled for replay based on schedules requested by each City. Additional longer-length video programming produced by NMTV staff is also scheduled on the channels. With the arrival of the Carousel units, shorter-length videos and promos are

loaded onto those devices, rather than being scheduled as separate playbacks. The short videos cycle through, with graphics pages, and play on the channels whenever a scheduled program is not playing. Depending on whether a City selected the split screen or full screen Carousel option, the shorter videos are cycling 24 hours a day. The table below outlines how many times a longer-length video program was entered into the Tightrope system, and played back on each City channel.

City	Number of Times Programs Played	Hours Programmed on Channel
Blaine	193	307:23:02
Centerville	49	43:44:22
Circle Pines	188	134:52:31
Ham Lake	87	65:27:00
Lexington	109	60:13:53
Lino Lakes	84	53:48:10
Spring Lake Park	113	75:08:45
Totals:	823 Program Playbacks	740:37:43 Hours of Video Programming on Channels

The last category of programming on City channels consists of bulletin board, or graphics pages, that display information about the City or about events and issues of interest to citizens. With the installation of the new Carousel units complete, Eric Houston has assumed responsibility for updating the information on all seven channels. He works closely with each City's representative to ensure that all requested data slides are created and posted to the satisfaction of the City. Even though Eric is doing the work of creating the data pages, the Cities will always maintain editorial control. In addition to the graphics pages, the new Carousel units play video. Trevor Scholl is responsible for encoding any videos that will be displayed. The following work was done for City Carousel units in March:

Blaine

- Transcoded and uploaded 2 videos to Carousel.
- Completed 2019 Carousel revision.

Centerville

- Transcoded and uploaded 1 video to Carousel.

Meetings on Demand

NMTV has created a video on demand service, with line-item bookmarking, for our Cities meetings. In order to accomplish this, each encoded meeting has to undergo several steps. The meeting must first be transferred and transcoded from the playback server to the video on demand server. The length of time necessary for this varies based on the length of the meeting and whether it is recorded in SD or HD. Once that is done, a staff member must go through the meeting entering a bookmark at the start of each meeting line-item, and type in the corresponding line-item information. Staff utilizes marked agendas provided by City staff members for this step. If marked agendas aren't provided by City staff we go to the City website to find unmarked agendas and place the meeting on VOD without bookmarks. Once that is done and saved the bookmarked meeting is then linked to the NMTV website's city meeting page for video on demand. The following number of meetings were bookmarked and/or placed on VOD for the Cities in March:

- **Blaine**
2 meetings bookmarked and placed on VOD.
- **Centerville**
2 meeting placed on VOD.
- **Circle Pines**
5 meetings bookmarked and placed on VOD.
- **Ham Lake**
5 meetings bookmarked and placed on VOD.
- **Lexington**
2 meetings placed on VOD.
- **Lino Lakes**
4 meetings bookmarked and placed on VOD.
- **Spring Lake Park**
2 meetings bookmarked and placed on VOD

Administrative

The issues dealt with in March include rescheduling the kick-off franchise renewal meeting with Comcast and integration and testing of the live streaming servers for Cities.

Streaming Servers for Cities

- Worked through router issue for streaming channels.
- Monitored security checks, Tightrope integration, and Bizzyweb website updates for streaming servers.
- Streaming servers went live.
- Worked with staff to monitor and resolve issues.
- Talk with Centerville staff regarding streaming channel problems. Work with NMTV staff to try to resolve.
-

Franchise Fee Payment to Cities

- Cable Commission approved payment of franchise fees to Cities at the March meeting. Checks were delivered in February. The February meeting was canceled due to lack of quorum/weather.

Miscellaneous

- The renewal meeting with Comcast was rescheduled to April 18th.
- Annual audit.
- Annual property/liability insurance meeting.
- Respond to Dale Stoesz inquiry as to whether XFinity Flex could be subject to franchise fees. Follow-up with Mike Bradley.
- Contacted Comcast escalated complaints on behalf of Blaine internet subscriber.
- Provided information to Jeff Karlson regarding Comcast digital transition, analog channels, and options for watching the city channel in Lino Lakes.
- Responded to Mark Statz's question regarding promo production for regional economic development group.
- Read industry articles.

**CITY OF LEXINGTON
WORKSHOP MINUTES
Thursday, April 18, 2019
Immediately following Council meeting
City Hall**

1. Call to Order: Mayor Kurth
2. Roll Call: DeVries – Hughes – Harris – Murphy

Mayor Kurth called to order the workshop for April 18, 2019 at 7:25 p.m. Councilmember's present: Devries, Harris, Hughes, and Murphy. Also Present: Bill Petracek, City Administrator; Kurt Glaser, City Attorney; Chris Galiov, Finance Director.

3. Discussion Items:

- A. Discuss Law Enforcement Services comparable

Mayor Kurth asked if the City of Lexington can levy a liquor sales tax for the purpose of offsetting our police budget. Attorney Glaser explained that Lexington cannot. Glaser added that the City of Minneapolis is able to levy the tax due their class level for a Minnesota City. He stated that St. Paul, Duluth, St. Cloud and Minneapolis are the only communities allowed to levy this tax. Discussion ensued.

Petracek provided an overview of the comparable police departments and their service levels. Discussion ensued.

Mayor Kurth brought up the contract with Centennial Lakes P.D. and the expiration date. Attorney Glaser explained that it is a perpetual contract after 2021, at which time, a one-year notice must be given to the other member cities of withdrawal. Discussion ensued.

Mayor Kurth stated that he is going to drop the idea of withdrawing from CLPD, following the discussion of comparable police departments. Discussion ensued.

Attorney Glaser asked the Council about adopting a Resolution in support of the CLPD. Discussion ensued.

Attorney Glaser is going to draft a Resolution for the May 5th Council meeting when the police chief gives the annual report.

B. Discuss Proposed City Council Chamber wall hanging logo

The Council discussed the renderings of the proposed City Council Chambers wall hanging. Petracek stated he would have it on the next agenda for approval.

C. Discuss Proposed City Sign (west entrance to city)

Petracek discussed the proposed City sign, and what the Council's wishes for that particular sign. Devries stated he liked the version with the new City logo. Discussion ensued.

The consensus of the Council was to move ahead with putting the new City logo on all three signs at the – replacement signs at the corner of Lexington Ave. and Lake Drive - Eastside entrance, and a replacement sign at the Westside entrance on Lake Drive.

4. Staff Input – *no staff input.*

5. Council Input

Councilmember Hughes brought up the number of dead trees located in the boulevard on various streets throughout the City. Petracek stated he would look into it with public works.

**CITY OF LEXINGTON
COUNTY OF ANOKA
STATE OF MINNESOTA**

RESOLUTION NO. 19-12

**A RESOLUTION OF THE LEXINGTON CITY COUNCIL SUPPORTING
THE FUTURE PARTICIPATION IN THE CENTENNIAL LAKES POLICE
JOINT POWERS AGREEMENT WITH CIRCLE PINES AND
CENTERVILLE**

WHEREAS, on April 18, 2019, Lexington City Council held a Workshop on comparable sized communities and their law enforcement services within each jurisdiction in order consider strategic issues for providing law enforcement services to the City's residents through 2021 and beyond; and

WHEREAS, the Lexington City Council determined that based on the comparable costs for the various law enforcement agencies providing services to these communities, the Centennial Lakes Police Department annual budget is in line with other jurisdictions and provides a great financial value to the City's residents; and

WHEREAS, the Lexington City Council determined that based on the services provided by the various law enforcement agencies in these communities, the Centennial Lakes Police Department provides a greater selection of services than the comparable law enforcement agencies serving the studied communities; and

WHEREAS, the Lexington City Council is proud to continue its support of the Centennial Lakes Police Department, and sees strategic reasons to fully support the Department well into the future; and

WHEREAS, the Lexington City Council now closes its discussions about pursuing law enforcement services from other entities in favor of offering its full support of the Joint Powers Agreement with Centerville and Circle Pines; and

**NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL
OF THE CITY OF LEXINGTON, ANOKA COUNTY, STATE OF
MINNESOTA**, that the Lexington City Council will continue to strongly support the Centennial Lakes Police Department, now and in the future.

PASSED and adopted by the Lexington City Council this the 2nd day of May, 2019.

Mark Kurth, Mayor
