**Re:** 2025 Truth in Taxation Hearing – Final Proposed 2026 budget highlights

---

Enclosed you will find the final proposed 2026 budget for the Truth in Taxation hearing. The document includes the detailed funds: General, Enterprise – stormwater, water, sewer, liquor - Lovell , Capital, and Debt Service Funds.

This year's budget process will see the final phase-of implementing the Centennial Lakes Police Department (CLPD) renegotiated Joint Powers Agreement budget appropriations formula. The City of Lexington benefits this year from the new formula, as our overall contribution percentage has gone down considerably over the past three years. Unfortunately, the overall cost of funding a police department continues to increase. The police union contracts have been negotiated to adjust wages and benefits upward to allow CLPD to continue to compete for quality police officers, which are in short supply.

The 2026 capital budget involves mostly maintenance items with the major cost items being the addition of a pickleball court to replace the existing tennis court in Memorial Park - \$175,000, replacing a fire engine for \$527,000, replacing the Memorial Park ball field lights - \$159,000.

The 2026 budget includes wage increases for fire department personnel along with other increases to the City's operations and maintenance budget that reflects our negotiated collective bargaining agreements (CBA) with our city and law enforcement personnel. These increased expenses will require a 5% increase to the General Levy or a \$71,496 increase from the 2025 budget to fund these contractual obligations. Overall, our General Fund expenses increased \$103,825 or 4.13%.

#### **Proposed 2026 transfers to offset the General Fund expenses:**

1. The proposed levy will show a liquor store fund transfer of \$175,000, which is equivalent to the amount transferred for the 2025 budget – this amount is within our normal transfer amounts in past years.
2. The proposed levy will also show a transfer from the 10% charitable gambling fund of \$40,000, which is also the same amount transferred for the 2025 budget - this transfer amount will offset equipment purchases for the police department.
3. Apply \$30,000 from General Fund Reserves – you currently have a 69.6% fund balance according to the 2024 audit, which exceeds the 45% requirement per city policy.
4. Applied \$30,000 interest earnings from investments for 2025. Interest rates are still strong, and our investments are doing well and earning additional revenue for the city.

## **Items that affected our 2025 budget revenues this year:**

1. Overall taxable market value (TMV) decreased \$6,208,252
2. Local Government Aid (LGA) \$547,724 – an increase of only \$155 from 2025
3. 4d(1) Transition Aid - \$27,112.00 This revenue source is only available in 2025 and 2026. (Aid provided by the State for lowering the taxable market values of our low-income rentals)
4. Fiscal disparities increased 25% from \$271,211 to \$339,852.00

There will be a significant water utility rate increase of 15% proposed to start January 1<sup>st</sup>, 2026. The rate adjustment is based on the utility rate study conducted by Ehler's and Associates to determine the amount of revenue the city will need to offset the cost of purchasing filtered water from the City of Blaine. These rate increases will continue each year for the next 5 years until we have the user rates adjusted to a level that allows the city's water utility fund to be financially solvent.

All of our funds – General, Enterprise (water, sewer, stormwater, liquor), Capital, and Debt Service fund revenues and expenses are balanced for the 2026 Budget.

And finally, I would, again, like to thank Chris Galiov for all of his hard work and knowledge helping me assemble the 2026 budget. City staff continues to be very mindful about working within a revenue source that is acceptable to our citizens, yet continues to allow us to improve and maintain Lexington's quality of life.
