Trevor Scholl visited the Mary Ann Young Center for two of their most popular events: the annual jewelry sale and annual liver and onions luncheon. Both events are beloved fund raisers for the senior center and have been going for roughly 20 years apiece. The jewelry sale sees seniors donating their unneeded costume jewelry so it can be sold at low prices. The liver and onions luncheon, meanwhile, serves up a taste of nostalgia with a dish familiar to many from their childhoods. Besides the fundraising aspect, the events offer a chance for community with many patrons telling Trevor that they enjoy the excuse to get out of the house and meet new friends.

See the jewelry sale [here](#) and the liver and onions luncheon [here](#).

The MetroNorth Chamber of Commerce held their Made in the North Metro Career Fair, showcasing opportunities in manufacturing, construction, and trades. Trevor Scholl visited the fair and spoke to MetroNorth Chamber President Lori Higgins about the importance of the annual event and the 400 some job seekers who came through the door. He also interviewed an Anoka County Career Counsellor about the services they provide, particularly helping young job seekers overcome their anxiety toward face-to-face interviewing. See the story [here](#).

The NMTV News Team of Danika Peterson and Eric Nelson covered a variety of city focused stories, including a look at [fire extinguisher training](#) with the SBM Fire

Department, the new electrical substation coming to Circle Pines, and an interview with Spring Lake Park's Marilyn Forsberg, the longest serving active school board member in the state.

Channel Management

Programming Coordinator Michele Silvester, along with help from TJ Tronson and Eric Houston, is responsible for processing and scheduling the programming on the city channels. There are three categories of programs that are scheduled on the city channels: live and replayed meetings, NMTV staff created video content, and informational graphics pages. All categories of programming must be encoded, scheduled, and entered into the Tightrope playback system or uploaded to our CG servers, formerly known as Carousel. As each live meeting is recorded at City Hall, it is routed to the North Metro TV head-end and then sent out live over the cable system. It is also simultaneously encoded on a server for future playbacks. The following meetings were processed this month:

Title	Producer	Runtime
Centerville Parks & Recreation Committee Meeting (10/1)	TJ Tronson	1 hour 53 minutes
Lexington City Council Meeting (10/2)	City Staff	38 minutes
Spring Lake Park City Council Meeting (10/6)	Trevor Scholl and Samantha Nolan	19 minutes

Blaine Park Advisory Committee Meeting (10/28)	Trevor Scholl	52 minutes
Lino Lakes Environmental Board Meeting (10/29)	Anne Serwe and Chong Yang	1 hour 26 minutes
23 New Programs		18.25 New Hours

Meetings are scheduled for replay based on schedules requested by each City. Additional, full length video programs, produced by NMTV staff, are also scheduled on the channels. Shorter videos and promos are loaded onto the CG servers, rather than being scheduled as separate playbacks. These short videos play back in a repeating cycle, along with graphics pages, and air on the channels between scheduled programs, 24 hours a day. The table below outlines how many times a regular length video program was entered into the Tightrope system and played back on each City channel.

City	Number of Times Programs Played	Hours Programmed on Channel
Blaine	153	161 hours
Centerville	47	91 hours
Circle Pines	199	149 hours
Ham Lake	54	17 hours
Lexington	90	56 hours
Lino Lakes	106	75 hours
Spring Lake Park	88	57 hours

The last category of programming on City channels consists of a bulletin board, or graphics pages, that display information about the City, local events, and other issues of interest to citizens. With the installation of the CG servers, Eric Houston updates the information on all seven channels. He works closely with City staff to ensure that all requested informational slides are created and posted to the satisfaction of the city. Even though Eric is doing the work of creating the informational pages, the Cities maintain editorial control. In addition to the graphics pages, the CG units play video. Each video's producer is responsible

for posting any short videos that are displayed. The following work was done for City CG servers this month:

- **Blaine**

Closed Captioning

Closed captioning is an additional service provided by North Metro TV. Every city meeting is closed captioned live via our Tightrope system. That process is assigned a per-minute price by Tightrope. Once the meeting is recorded on our servers for repeat airings, that version of the meeting must be captioned separately. This is accomplished through a system owned by North Metro TV and does not incur additional costs. The following table tallies the number of minutes of captioning provided to each city for the month.

City	Minutes of Live Closed Captioning	Minutes of Post Closed Captioning
Blaine	111	111
Centerville	473	473
Circle Pines	78	78
Ham Lake	108	108
Lexington	42	42
Lino Lakes	212.5	212.5
Spring Lake Park	71	71

SOCIAL MEDIA SUCCESS

October was another banner month for NMTV social media, setting a new high-water mark with 246,426 views across Facebook, YouTube, and X. That represents a 76 percent increase over September's record setting month. Numbers were once again buoyed by sports videos, with 100,400 views, and road construction updates, 126,127 views.

We also saw record numbers of new channel subscribers this month, with 194 new YouTube subscribers and a staggering 551 people subscribing to our Facebook page for the first time. This all means one thing: more people than ever are watching videos about our member cities.

NEWS AND EVENTS

North Metro TV News is produced by Danika Peterson and Eric Nelson. Each month, the news team researches, shoots, and edits several news stories. Special Events Coordinator TJ Tronson also contributes videos, when not managing city meetings. These stories are distributed online via NMTV social media channels and compiled into the NMTV News program, which airs on channel 15. The stories relevant to each member city also air in between scheduled programs on the city channel.

MnDOT Closing US 10 in North Metro
Friday Through Sunday

54,015 Views

What can we say about Eric Nelson's massively successful road construction update videos that we haven't already? They are certainly striking a chord with the public and are all upside for North Metro TV. They are extremely quick and easy to produce, they provide information that no other television station will, and they bring more eyes to other city focused content on our social media channels. See the story [here](#).

Recycling Conversation

Eric Nelson and Danika Peterson debuted a new episode of their program Conversations, which offers more in-depth looks at topics too large for a short video. In this episode, Eric sat down with Abby Moroz of Walters Recycling and Refuse to dig deep into the dos and don'ts of recycling. Abby explained how to tell the difference between what can and cannot be recycled and tips on how to tell the difference. She also told viewers when in doubt, throw it out. See their conversation [here](#).

Fire Extinguisher Training

Eric Nelson attended a fire extinguisher training session with the SBM Fire Department. These sessions are free to any business in the community and, on this day, the employees of Circle Pines' Alliance Technical Group were on hand for some much-needed training. The business decided to sign up after an oil fire in their building revealed some room for improvement. The employees started with classroom instruction before heading outside for hands on training with the extinguishers. SBM's Chuck Fleury explained the technique: aim at the base of the fire, squeeze, and sweep. See the training [here](#).

Civics Bee

Danika Peterson was excited to learn that the National Civics Bee is coming to Minnesota for the very first time. The MetroNorth Chamber of Commerce is serving as host for the regional competition and President Lori Higgins explained what it is all about. The event, which begins with an essay contest, is for sixth, seventh, and eighth grade students and is designed to teach students how government works and how to make a difference in their communities. Lori Higgins also spoke about the competition's emphasis on being civil, a topic which the MetroNorth Chamber takes seriously. Learn about the Civics Bee [here](#).

A Spark in Circle Pines

Circle Pines is getting a brand-new electrical substation courtesy of Connexus Energy. The city's current substation was installed in 1968, before many of the nearby houses were even built. Substations reduce electrical voltage to normal distribution levels suitable for home electronics. Erica Schmidt of Connexus Energy says the new substation is designed to handle higher energy demands caused by things like increased data demands and electric cars. The several million dollar project will see the installation of a new transformer, equipment, and better engineering standards. Erica expects the new substation will be up and running this December. See the substation [here](#).

Marilyn Forsberg

Marilyn Forsberg was first elected to the Spring Lake Park School Board in 1982. She is now the longest serving active school board member in the state. Danika Peterson sat down with Marilyn and learned how she began her career with the school board after her son was diagnosed with a learning disability. When she started, the district served 3,800 students. That number is now above 6,000. Marilyn is proud of her role in helping to move the district forward and improving educational opportunities for Spring Lake Park students. But Marilyn does not think her job is over yet. She ran, once again, for reelection this year. Meet Marilyn [here](#).

MUNICIPAL PRODUCTIONS

Trevor Scholl is North Metro TV's Municipal Producer. Trevor works with city staff to create videos and stories at city request. Examples include promotional videos, instructional videos, and specialty videos for city social media channels. Trevor touches base with contacts on a regular basis and also encourages cities to contact him with ideas for new videos.

Liver and Onions Luncheon at
Mary Ann Young Center

827 Views

Trevor Scholl visited the Mary Ann Young Center for two of their most popular events: the annual jewelry sale and annual liver and onions luncheon. Both events are beloved fund raisers for the senior center and have been going for roughly 20 years apiece. The jewelry sale sees seniors donating their unneeded costume jewelry so it can be sold at low prices. The liver and onions luncheon, meanwhile, serves up a taste of nostalgia with a dish familiar to many from their childhoods. Besides the fundraising aspect, the events offer a chance for community with many patrons telling Trevor that they enjoy the excuse to get out of the house and meet new friends.

Made in the North Metro

The MetroNorth Chamber of Commerce held their Made in the North Metro Career Fair, showcasing opportunities in manufacturing, construction, and trades. Trevor Scholl visited the fair and spoke to MetroNorth Chamber President Lori Higgins about the importance of the annual event and the 400 some job seekers who came through the door. He also interviewed an Anoka County Career Counsellor about the services they provide, particularly helping young job seekers overcome their anxiety toward face-to-face interviewing. CLASSES & PUBLIC ACCESS

North Metro TV offers its facilities and equipment to members of the public and helps them make and air their own programs! Eric Houston manages the department and offers support to our local producers. He teaches classes on a variety of topics, including video production, film history, and even how to use the internet. Eric also runs NMTV's popular home movie transfer program, which helps community members put their old tapes, photos, and film reels on digital formats.

Live, In Person Classes

Eric Houston hosts live, in-person classes each month. The classes are held at the North Metro TV studio or at community partners like the Mary Ann Young Center and Spring Lake Park Parks and Recreation.

Class	Date	Location	Attendees
One on One Tech Support	10/6	MAYC	4

Subject: Lexington Center Third Addition Final Plat Review
Date: November 13, 2025

The Lexington Center Third Addition Final Plat was submitted to the City of Lexington on September 30, 2025 by the Developer, Menlo Capital Partners LLC. They submitted an updated Final Plat on November 10, 2025, that increased the utility easement for the watermain. The Developer has completed most of the improvements on the project at this time and we will be working with them on closing out the project as needed.

We have reviewed the Final Plat that was submitted and have the following comments listed below.

1. Final Plat

- a. A drainage and utility easements are needed for the watermain and hydrants on the property minimum is 10 feet around all watermain and hydrants. The easement was increase to 15 feet on Block 1 Lot 2. They hydrant at the Chipotle on Block 1 Lot 2 was not installed in the center of the island, and must to be verified in the final construction asbuilts. If any adjustments are required they must be done before the project is closed.
- b. Documentation Easements and Maintenance Obligations - The draft operation and maintenance plan for the Stormwater system must be submitted to the City for review and approval. The Storm Sewer system must also have an easement over it to allow the City or RCWD to review it and maintain it if the owner fails to maintain it. A receipt showing recordation of the approved maintenance declaration and the drainage and flowage easements.

We recommend approval of the Final Plat at this time. The Developer and the design Engineer are working on Items above before we close out the Developer's Agreement.
