PLAN & PRACTICE your **ESCAPE!!**

October is Fire Prevention Month

In a typical home fire, you may have as little as one to two minutes to escape safely from the time the smoke alarm sounds. **Escape planning and practice can help you make the most of the time you have**, giving everyone enough time to get out.

Costume Safety

All costumes, wigs and accessories should be fire-resistant
Avoid masks, which can obstruct vision
If children are allowed out after dark, fasten reflective tape to their costumes and bags, or give them glow sticks
When buying Halloween makeup, make sure it is nontoxic and always test it in a small area first
Remove all makeup before children go to bed to prevent skin and eye irritation

When They're on the Prowl

A responsible adult should accompany young children on the neighborhood rounds
If your older children are going alone, plan and review a route acceptable to you
Agree on a specific time children should return home
Teach your children never to enter a stranger's home or car
Instruct children to travel only in familiar, well-lit areas and stick with their friends
Tell your children not to eat any treats until they return home
Children and adults are reminded to [put electronic devices down](#), keep heads up and walk, don't run, across the street

Safety Tips for Motorists

Watch for children walking on roadways, medians and curbs
Enter and exit driveways and alleys carefully
At twilight and later in the evening, watch for children in dark clothing
Discourage new, inexperienced drivers from driving on Halloween

Rental Property Licensing

The Lexington City Council has a responsibility to ensure that rental property within the City meets the standards that are in place in the Lexington City Code to protect the health, safety and welfare of its residents. As a result the City has a Rental Dwelling Licensing program that will require inspection of all rental properties owned within the City. This program is intended to eliminate substandard and deteriorating housing and to improve the overall living environment in the City of Lexington.

Completion of the Rental Dwelling License Application is your first step toward obtaining licensure. After your completed application and accompanying fees have been received by our office, you must then contact the City to schedule a property inspection with the Rental Inspector. For more information regarding the process to obtain your rental license, please contact the city at (763)784-2792.

You can also find all the information on our website at:

www.lexingtonmn.gov/page/govt_business_rental_licenses

City Hall has stakes available for residents to pick up. They can be used to mark curves along the roadway or other items that may be hit by the plow. Once the plow had gone by several times they will no longer be needed.

City Hall is open Monday~ Friday
8:00am-4:30pm

Just a Reminder

It isn't the plow, but rather the snow thrown from the plow blade that wreaks havoc. When setting your garbage at the curb, leave adequate room for the snowplows to do their job. This is also a good time to check your mailbox post for wood rot.

Water pipes Reminder

To keep your pipes from freezing don't turn off your heat, and remember to let a faucet drip if you are leaving for a few days.

WINTER PARKING RESTRICTIONS

With summer gone, fall's upon us, and winter is just around the corner. It's time to start thinking of the other changes that affect us this time of year, namely parking restrictions & snow removal.

Parking restrictions will begin November 1st.

*****No Parking** allowed on City streets between the hours of
2 AM and 6 AM without an emergency parking permit
issued by staff at City Hall.

*****No Parking** on any street after a snowfall with accumulations of
2 inches or more until all snow, ice and similar debris have been
removed from the paved portion of the street.

*** **It is illegal** to remove snow from private property and place
it on the road or sidewalk.

*** Approximately **200 accidents** occur each year involving snow
moving equipment, so be extra cautious and **always** give the plow
truck the benefit of the doubt.

It weighs in excess of 50,000 lbs.
your car weighs about 3,000 lbs.

- STAY SAFE -

Assume snowplow drivers DO NOT see you.

NEW! Battery Recycling

Batteries and most electronic waste are considered hazardous. They can contain toxic or corrosive materials. When crushed, batteries can explode and cause fires.

Do

- Dispose of batteries at the HHW facility or other designated collection locations
- When possible, remove batteries from devices
- Store damaged batteries in a clear plastic bag

Do Not

- Dispose of used batteries in trash or recycling bins
- Crush or puncture batteries
- Store old batteries close to flammable material, metal or other batteries

Single Use Batteries:

Rechargeable Batteries:

Automotive batteries are not accepted.

Used Sharps

- Hypodermic needles
- Syringes
- Lancets
- Pen needles
- IV needles
- Used Epi-Pens®

Place sharps in rigid, puncture resistant container. Label container:
"Do Not Recycle: Household Sharps."
Seal to prevent spills.

What NOT to Bring to the Facility

- Appliances
- Asbestos
- Dried Paint
- Electronics
- Empty Containers
- Explosives
- Garbage
- Unknown Materials
- Radioactive Waste
- Tires

Call Recycling & Resource Solutions at 763-324-3400 (Monday through Friday 8 am - 4:30 pm) for more information.

Businesses, Organizations and Schools
Do NOT bring hazardous waste to the facility. Contact Anoka County Environmental Services at 763-324-4260 for disposal information.

Recycle Smart!

Only Put Items That Can Be Recycled in Your Curbside Cart

Just because you think something is recyclable doesn't mean it should be put in your curbside cart. If everyone can focus on recycling the basic three types of recyclables below, recycling facilities will be able to process and recover more recyclables.

Recycle the Basic 3!

Place these recyclables loose directly in your recycling cart. If you need to use a bag, use a paper bag. No plastic bags should be put in a recycling cart.

1. Food and Beverage Containers

Empty and rinsed food and beverage bottles, cans and paper cartons (replace cap on plastic bottles, jugs and paper cartons)

2. Mixed Paper

Newspaper and unwanted mail (remove plastic bags, plastic cards and any promotional items) catalogs, dry goods boxes and phone books

3. Flattened, Clean, Dry Cardboard

Clean = free of grease and food debris

Remove excess tape, labels and any non-paper packaging materials
